Camp Director Pat Sheahan has provided the Concordia All-Sports Day Camp with a learning atmosphere in which each camper can develop their physical and social skills.

"This camp will not be geared to the elite athlete," Sheahan stated. "We are offering 15 different sport programs, including a comprehensive aquatics program, with the emphasis on skill learning and fun."

"As a parent and educator, I am fully aware that children are most receptive to learning when they are placed in a positive environment."

Sheahan, who was responsible for the development of the highly acclaimed McGill Day Camp, adds that the quality and preparation of the Concordia instruction will ensure that each camper is provided with the attention and instruction he or she needs.

The camp runs from June 29 to August 21, consists of 4 two-week sessions and is open to boys and girls from 5-13.

For further information please call Pat Sheahan at 848-3859 or 426-0205.
